The Dial-A-Ride Transportation (DART) Local Advisory Board consists of six members, which reviews and recommends improvements to services provided by DART to the Council under the direction of the DART Coordinator. One of the oldest Dial-A-Ride services in Michigan, Dowagiac DART began service in June 1975 with a three-bus fleet. The City provides on-demand Dial-A-Ride services out of its historic train depot and requires reservations for pick-up.
